Deemed Contract Customers

If you're not in a contract with Unicom but we're supplying your essential services, you'll be charged Deemed Rates. Electricity and gas prices are subject to market conditions and fluctuate on an hourly basis, creating a high level of uncertainty. This uncertainty is reflected in higher pricing in comparison to fixed contracts, to cover spikes in power purchases.

If you're currently being charged Deemed Rates, please contact our Customer Service Team on 0161 946 4444 to discuss your options.

Deemed Rates – Effective May 2023
